NAVY COMMUNITY MEETING OPEN HOUSE ON OCTOBER 3, 2018

Navy to provide update on radiological retesting at Parcel G at HPNS from 5:30 pm - 7:30 pm

The Navy invites members of the greater Bayview Hunters Point community and others interested in learning more about the Navy's plan to retest Parcel G at the former Shipyard to an informational open house on Wednesday evening, October 3, 2018.

Navy program representatives will be available at several poster stations to share information and answer questions about the upcoming plan to retest Parcel G. In addition, regulatory agency members and radiological experts, including the community's radiological technical advisor, **Dr. Kathryn Higley from Oregon State University**, will be available to talk with members of the public during the Open House.

The meeting will be held at the OCII Community Room, 451 Galvez Avenue, from 5:30 pm - 7:30 pm. The open house format encourages small group discussions and provides the opportunity for flexibility of scheduling for attendees to arrive and leave at any time during the event.

Visit the Navy's website at www.bracpmo.navy.mil/hpns to read the Parcel G Work Plan and other program documents. *Additional resources for document availability are described in the Document Review Locations section of this newsletter.*

**RADIOLOGICAL TECHNICAL ADVISOR
AVAILABLE ON OCTOBER 3, 2018**

*Dr. Kathryn Higley,
Community Technical
Advisor for Radiological
Health and Safety*

Ask the Expert: Dr. Higley Available Before and During Open House

2:00 pm - 4:00 pm at The Storehouse

5:30 pm - 7:30 pm during the Navy's Open House

Dr. Kathryn Higley, the Navy's community technical advisor for HPNS, is available to help answer your radiological health and safety questions during two periods of time on October 3. Please visit with her at The Storehouse (451 Galvez Avenue) anytime between 2:00 pm and 4:00 pm, or next door in the OCH Community Room (451 Galvez Avenue) during the Navy's Open House from 5:30 pm - 7:30 pm.

If you are unable to visit with Dr. Higley on October 3, she welcomes your questions by phone at (541) 737-7063 or by email at Kathryn.Higley@oregonstate.edu. Please contact her if you would like to schedule a time to meet in person.

About Dr. Higley

Dr. Higley is the Head of the School of Nuclear Science and Engineering at Oregon State University. As a Certified Health Physicist, she holds degrees in Radiological Health Sciences and is an internationally-recognized expert in radiological health and safety. She is a highly qualified independent resource available to the public to assist with HPNS radiological issues.

ONLINE ACCESS TO NAVY RADIOLOGICAL RESOURCES

**Navy Website Provides Information on Radiological
Program Pages**

The Navy has developed several new radiological web pages as an enhanced resource for the community to receive information on HPNS. Click here to visit the radiological pages of the HPNS website.

See below for a summary of and links to several of the pages:

- Radiological Retesting at HPNS: Get background on the Navy's radiological retesting at HPNS, as well as updates on each parcel included in the ongoing retesting efforts. *(Note: Content on the Radiological Retesting web page will be updated as milestones are achieved for each parcel. Please check back for updates!)*
- Timely Topics: Your first stop for up-to-date topics of interest
- Parcel A: Learn about the historical use of Parcel A, radiological surveys conducted prior to transfer of the property, and public safety
- Reference Library: Find reference documents on radiological retesting at HPNS
- Get Involved: How you can get involved in Navy meetings and events
- Radiological Retesting at HPNS: Get background on the Navy's radiological retesting at HPNS, as well as updates on each parcel included in the ongoing retesting efforts. *(Note: Content on the Radiological Retesting web page will be updated as milestones are achieved for each parcel. About This Newsletter

Around the Shipyard is a periodic update of Navy cleanup activities, program outreach and shipyard news at Hunters Point Naval Shipyard (HPNS) for members of the HPNS community. This newsletter is an extension of the Navy's outreach for the environmental cleanup program as outlined in the Navy's HPNS Community Involvement Plan. The purpose is to enhance the availability of program information through the use of electronic resources.
